B-trac | 2022-2023 | Kannur , Kerala

PROJECTS

IBM HR ANALYTICS EMPLOYEE ATTRITION MODELING

• Attrition is a major risk to service-providing organizations where trained and experience employees leave, taking with them valuable knowledge and skills that are not easily replaced. This can lead to disruptions in service delivery, increased costs for recruitment and training, and a potential decline in customer satisfaction.

Petty (A pet adoption website)

B-trac | 2022-2023 | Kannur , Kerala

• A Pet Adoption and Petshop Web Application which filters Pets Based on your Locality
Technology used :Python Django
